## PrimeMeridian Experience

Our experiences and detailed knowledge acquired from our many years of travel is what truly sets us apart! We provide you with unique, authentic tours, top-notch customer service and insider knowledge of the places we take you.

**Safety - Women typically ask:** Is this country or destination female-friendly? Is it physically safe for me? Will I be harassed by men? What are the threats of mugging, theft or rape? Is the hotel located in a safe neighbourhood? Does the hotel room have double locks, a peephole in the door, a phone in the room that works? Where can I store my valuables? Is there a safe in the room? Will this particular tour offer me the safety and protection I seek? Chill, at PrimeMeridian your health and personal safety is our No. 1 priority.

**Comfort** -Most women want to be comfortable when they travel. Our accommodation and services are carefully selected not only for comfort and quality, but also to deliver a variety of experience.

**Connecting/Social Interaction** -Women look for connections. You want to be part of a group, to belong, to be with "like-minded" people. You'll find interesting people of all ages and from different cultural backgrounds travelling with us. You will connect with other travellers, start new friendships, rediscover your passions, find new fascinations and truly rest and relax.

**Enrichment** –We have incorporated travel experiences and destinations that enhance both mental and spiritual growth.

**Indulge-Women** love to be pampered, every day unfolds a unique female inspired highlight.

**Relax/Have Fun**- Women are looking to be themselves, discover themselves. On tour they are no longer someone's mother, wife, boss or employee - they are just simply themselves . . . Our itineraries are carefully crafted to ensure 'Fun Guaranteed'!

**Need To Nurture** -Women pay attention to social concerns and the environment. In addition to cultural exploration, sightseeing and having fun , on our 'Giving Back ' vacations, spirited women will have the opportunity to "give back" through special humanitarian projects that have been integrated into some of the tours.

**Value** -Value can be perceived in many different ways. Some see it as low cost, others view it as a superior product for a competitive price. All our holidays are carefully designed to give you full value for money and no surprises.
